RESPONSE TO COMMUNITY ADVISORY BOARD (CAB) FOR NEVADA TEST SITE PROGRAMS RECOMMENDATION FOR UPDATING THE ENVIRONMENTAL MANAGEMENT VIDEOS

Thank you for reviewing the U.S. Department of Energy Nevada Site Office Environmental Management outreach videos and providing recommendations as to how the videos could be enhanced.

As was discussed during the October 1, 2008, meeting, the videos are not routinely used or requested by the public. Therefore, it has been decided that the suggested revisions will not be made at this time. The CAB's recommendations will be included if the videos are revised in the future.

Thank you again for reviewing the outreach videos. The CAB's recommendations on Nevada's Environmental Management program are appreciated.
